THE MOST ENGAGING THING FOR PEOPLE IS OTHER PEOPLE

abstract logo

abstract animals

real person

We believe **‘personal tokens’**, tokens that represent real people, are destined to become a major phenomenon capturing widespread global media attention.

A TOKEN FOR EVERY INFLUENCER

Although our platform welcomes all users, our primary focus is on crypto-curious influencers and online celebrities seeking to jump onboard the “memecoin supercycle”.

Instagram US accounts 2023

> 7k+ Celebrities
1 million+ followers

> 75k+ Macro influencers
100k to 1 million followers

> 540k+ Micro influencers
of 10k to 100k followers

ME.T.F

NOT AS EASY AS YOU THINK, HUH?

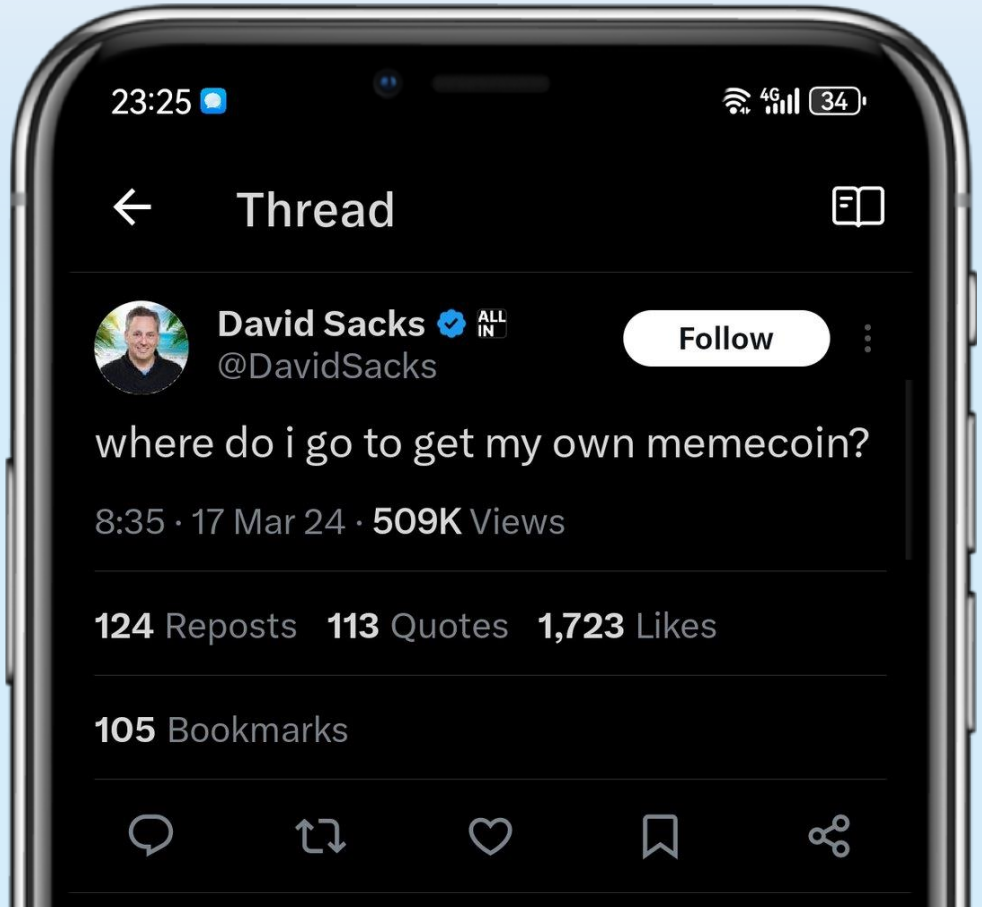
> Legal implications
Will I get sued for this?

> Fair distribution
20% to advisors! What?

> Initial liquidity
Woah, that's a lot of money!

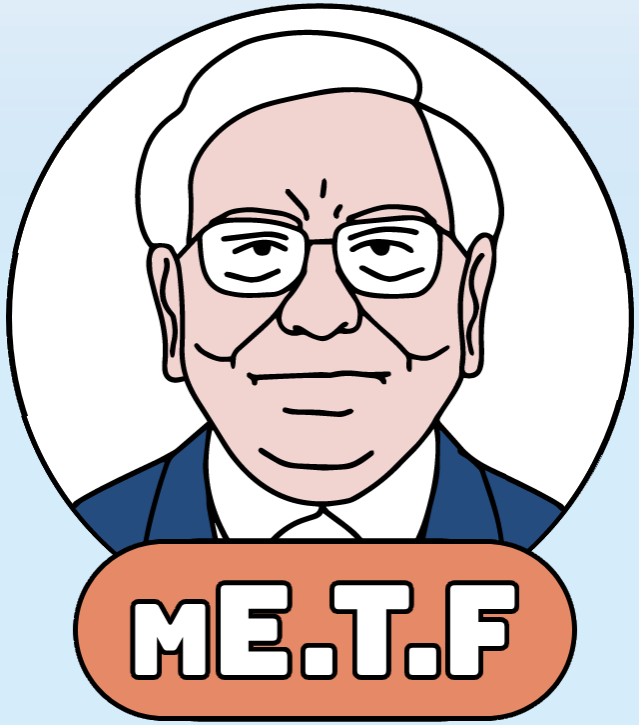
> Technical knowledge
What the heck is Raydium?

> Token consensus
Is this even the official token?



FAST FAIR LAUNCH WITH NO DRAMA

Launch a personal token **in a few clicks, for a few dollars**



> Best in class legal terms & disclaimers

> Standardized transparent tokenomics

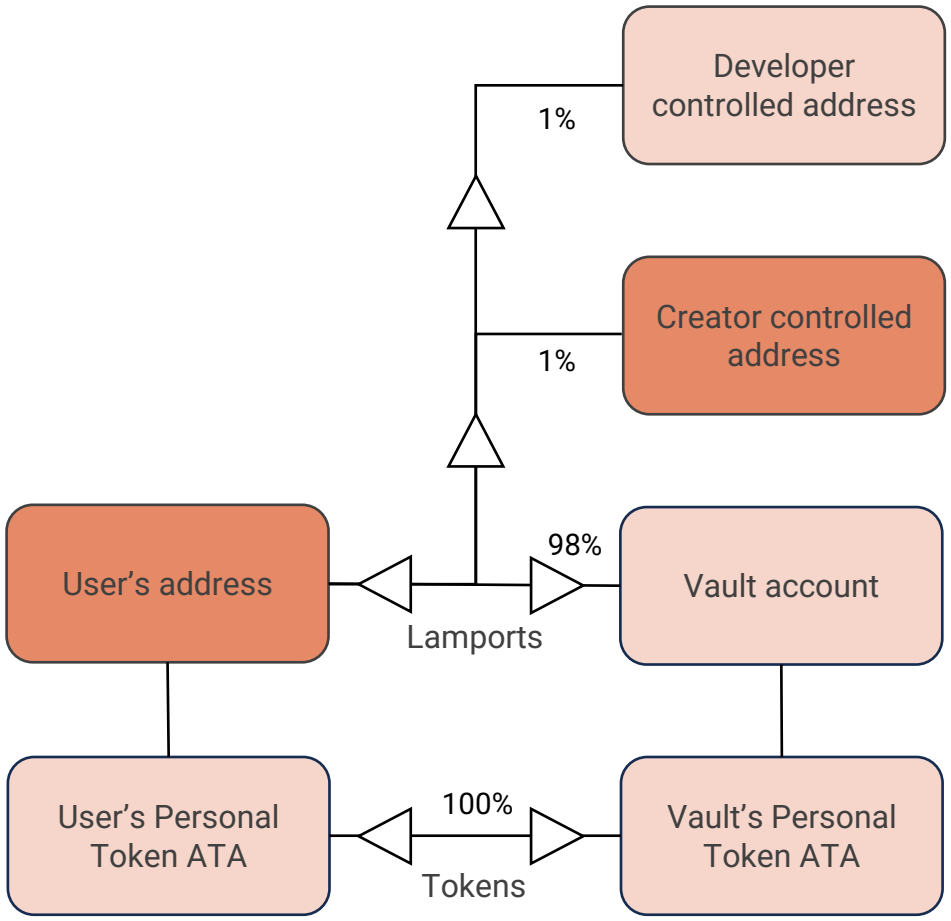
> Bonding curve liquidity bootstrapping

> Zero technical knowledge requirement

> Twitter authentication as consensus

© mE.T.F Labs 2024 All rights reserved

ETHICAL MONETIZATION



Transfer taxes of **2%** are split evenly between the protocol and the token creator providing a transparent and ethical passive income stream to the influencer.

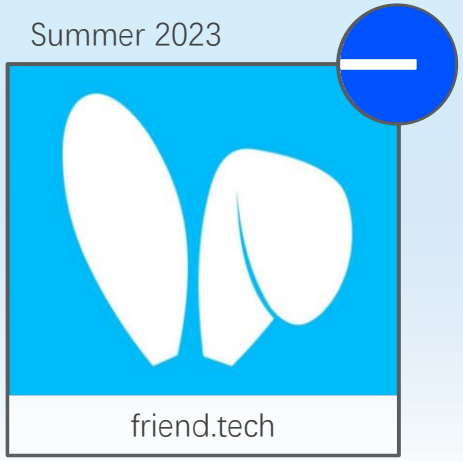
KINDA SIMILAR STUFF

We are aware of no direct competitor. Below are what we believe to be similar products.

Summer 2023

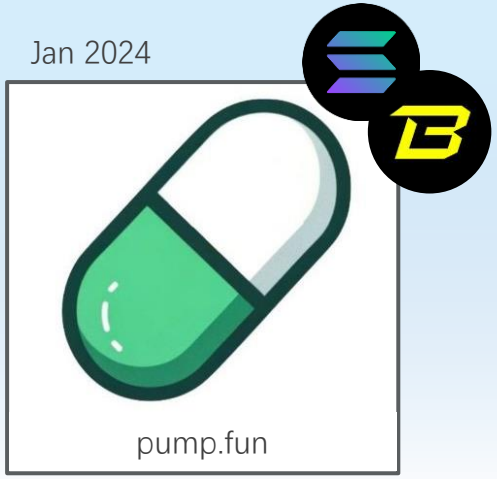


The marketplace for your friends

Expectation to spend time providing value in chat rooms

Scalability is capped to few hundred holders

Jan 2024

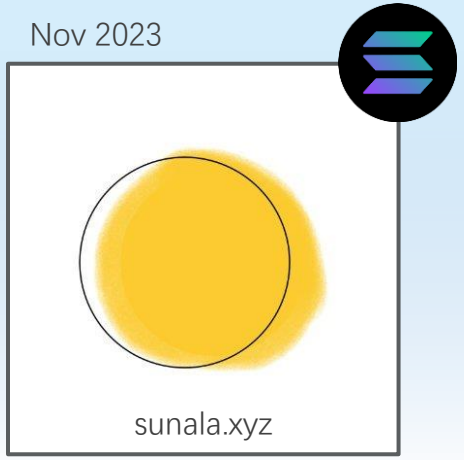


Instantly tradeable coins without seed liquidity

No consensus, anyone can create multiple coins

Branding targets crypto degenerates

Nov 2023



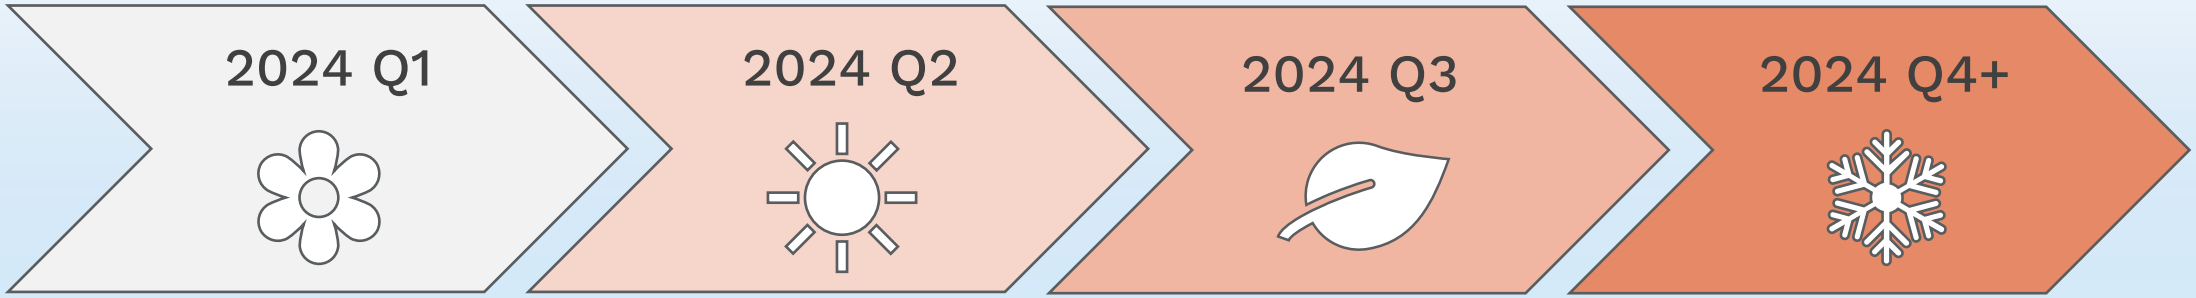
No code token deployer and liquidity locker

Requires knowledge of how tokens work

Requires investment in initial liquidity

YES WE'LL HAVE POINTS

New feature development is entirely user driven. We believe in remaining nimble, dogfooding our own product and listening closely to feedback.



- Core development

- Devnet
- Mainnet
- Marketing
- Points

- Refinement
- Decentralization

- Multichain
- Personal NFTs
